OUTLINES.

The Japanese have refused to agree to an armistice till the treaty is signed, yet there is no fear of further fighting; a hitch in the preparation of the treaty of peace was settled promptly yesterday by M. Witte at Baron Komura——A body of distinguished engineers is in session at Washington to consider the construction of the Panama Canal; the plans upon which work on the canal is proceeding call for a sea level canal.——The yellow fever situation at New Orleans is greatly improved but great anxiety is felt about re-infection from the surrounding country where the fever is rampant; up to date there have been 1,958 cases in New Orleans and 281 deaths——Two new cases of yellow fever were discovered at Natches yesterday, but none at Vicksburg——The Suffolk & Carolina Railway was sold in Baltimore yesterday for $1,500,000——Last night the city council of Atlanta severely condemned Mayor Woodward for boozing at Toledo——Henry W. Wardell, an American employed on the Panama Canal has arrived at New York with a well defined case of yellow fever——At McKeesport, Pa., a fly wheel burst and killed four men and injured several more——At Witham, Eng., yesterday, a train left the track and crashed into the depot, killing ten persons, including six women——New York markets: Money on call firm and higher at 2 to 3 per cent, closing bid 1 3-4, offered at 2; spot cotton quiet, 10.95; Flour, quiet but steady; wheat steady. No. 2 red.85 5-8; corn steady, No. 2, 60 1-2; oats steady, mixed 29@29 1-2; turpentine, steady at 64 to 64 1-2; rosin quiet, strained common to good 3.65 to 3.70.

Rainfall for the day, 00; rainfall since 1st of month to date, 2.93.

Stage of water in Cape Fear river at Fayetteville at 8 A. M., Friday 5.6 feet.

PORT ALMANAC—Sept 2.

Sun Rises .....5:32 A. M.
Sun Sets .....6:27 P. M.
Day's Length .....13 hrs. 8 min.
High Water at Southport..10.15 P. M.
High Water at Wilmington..12.45 A. M.

Weather Forecast.

For North Carolina—Fair on the coast; showers in the interior Saturday; Sunday showers and cooler. Light south winds.

We can surely give women the credit of always stopping to reflect—when they come in contact with a mirror.

A writer alludes to Cupid as a doctor of divinity, but D. D., after the little elf's name signifies diminutive deceiver.

Don't stop to worry over the trifles of life. Save yourself for the severe trials when the tragedies begin to come into play.

"Can a woman love a dog?" asks the author of "Plain Talks With Women." Guess so, but we can say positively that Barkis is willing.

Seventy years ago today the United States Mint at Charlotte was established. The date of its establishment was September 2, 1835, which marks the period when the mining region around Charlotte and in western North Carolina was one of the greatest known in the world.

Of course, President Roosevelt is entitled to all the credit that is coming to him in the role of peace maker, but the glory of the American Republic lies in the fact that thousands of Americans could have done the same thing in a similar position and under identical circumstances created by General Kuroki and Admiral Togo.

The Sultan of Sulu offered his hand to Miss Alice Roosevelt and proposed to make her the Sultana of the whole Sulu ranch. She accepted a few presents, but we are in a position to warn his sublime and odoriferous majesty that there is no evidence of reciprocation in that except as to the presents which American girls so highly appreciate.

The Philadelphia Ledger says Southern men, both white and black, are lazy, and if they would work like Northern men the South could be made a great country. Probably the editor of the Ledger was too lazy to read the report of the Secretary of Commerce showing that the lazy Southerners produce 41 per cent. of the exports of the United States.

Spend the evening at Lumina. Dancing every night. au 29-5t**

LOCAL DOTS.

—During the past month the police arrested 137 defendants, of which number 60 were white and 77 colored.

—A street car ran into a delivery wagon of the Consumers Ice Company yesterday. The wagon was partially demolished and one of the mules was hurt.

—A colored excursion af about 500 reached the city yesterday over the A. C. L. from Latta, S. C. Another excursion is due here to-day from Conway, S. C.

—Grady Lee, colored, suffered an acute attack of indigestion and fell at foot of Princess street yesterday. He was sent to the hospital in the ambulance.

—The Carolina Savings and Trust Company will be gin business with the regular banking hours this morning. Mr. J. Holmes Davis will be in charge as cashier.

—There was again no police court yesterday. A harmless drunk was chased in during the afternoon, but otherwise there was nothing to disturb the tranquility of the police station during the day.

— A chartered suburban car returned to the city this morning at 1 o'clock from Wrightsville Beach with a party of young people from the southern part of the city who had been on a trolley party to Lumina.

—Persons who arrived on the Clyde Liner Navahoe yesterday told of the burning of the planing mill of the Atlantic Coast Lumber Co., at Georgetown, S. C., Thursday afternoon. The loss is estimated at $75,000.

—For the benefit of all who want to enjoy the Black river fishing and hunting, the yacht Clifford will leave foot of Chesnut street, Labor Day, September 4th, at 5:30 A. M. The fare for the round trip is only 50 cents.

—The negro Johnson, who was shot by young Charlie Richters in the store of his father last Saturday night, continues to improve at the hospital and may now be said to be out of danger unless unforeseen complications develop.

—An excursion from Darlington, S. C., and intermediate points via Florence, as far as Nichols, S. C., will be run to Wilmington and Wrightsville Beach next Friday, September 8th. The managers are J. T. Stanley and T. C. Jeffords, of Darlington, and A. H. Gasque, of Florence.

—Proprietor Goldsborough, of the Colonial Inn, has a set of false teeth on his hands. The molars were left in a room of the hotel by some travelling man whose address is unknown. As Mr. Goldsborough has no use for the false teeth and they are not needed at the Colonial Inn, he would like to dispose of them to some one.

—Frank Wood, colored, was lodged in jail by Justice Furlong yesterday on the charge of the larceny of a "sack suit." The queer part of the performance was that Wood took the garment from his wife's trunk, but it had been bought on the installment plan and was still the property of S. Abramowitz, who brought the indictment.

—Five of the six negroes arrested for nuisance in the raid of Runge's alley by Constable Savage and others day before yesterday, were bound over to Superior Court by Justice Furlong yesterday. The one who escaped was Geo. Lewis, colored. Six or eight white residents in the neighborhood will testify in the higher court against the defendants.

ACADEMY TUESDAY NIGHT.

International Vaudeville Stars Will Be Inaugural Attraction Here.

Next Tuesday night the Academy of Music will open for the season and for the inaugural number will present the International Vaudeville Stars, who make up the best company of its class ever in the South. Among these artists will be found May Yohe, Bradlee Strong, Bonnie Thornton, James Thornton, Flo Irwin and other celebrities. Those familiar with things theatrical will at once recognize that these artists are among the leading vaudeville stars of the country and that each one can command salary of several hundred dollars per week. The performance is in every way the equal of any seen at Keith's and Proctor's, as the artists mentioned are all top-liners.

The sale of seats for Tuesday night's performance will commence at Plummer's Monday morning. There will be no advance in prices.

Board Meetings on Tuesday.

On account of Labor Day the regular monthly meeting of the Board of Aldermen will not be held until Tuesday afternoon at 4 o'clock. The regular monthly meeting of the Board of County Commissioners Monday afternoon will also likely be postponed until the following afternoon. It is reported that some of the Aldermen have been looking up obsolete ordinances with a view of bringing them up at the meeting of the Board Tuesday afternoon to inquire as to the advisability of their enforcement, but whether anyone will take up the time of the session with the matter is not known. The Board of Audit and Finance will also meet in regular session Tuesday afternoon.

RECORD SURPASSED

Cotton Crop Year Ended Yesterday Shows Big Increase of Receipts

MORE THAN 55,000 BALES

Compilation of Figures for Sixteen Years Shows Steady Growth of Export Movement at Port of Wilmington.

The cotton crop year for the season of 1904-1905 closed yesterday. The receipts at the port of Wilmington for the year ended with that date were 383,858 bales, the heaviest on record in the history of the city by over 55,000 bales, the next approach to the number the year just ended having been the season of 1902-1903 when the number of bales received was 328,267. The receipts last year were 326,708 bales.

The foreign exports for the crop year ended yesterday were 374,938 bales against only 326,010 last season. The domestic exports were 4,974 bales for the year just ended against 4,532 bales for the season of 1904-05. The figures show that Wilmington has received her full share of the unusually large crop the past year and that Messrs. Alexander Sprunt & Son, the live exporters, have, if anything invaded new territory in search of the fleecy staple. The compresses of the firm will start up within the next week or ten days and within a short time giant ocean freighters will be lying at the wharves awaiting cargoes of King Cotton. An interesting history of the growth of the cotton business at Wilmington is shown in the table printed below, which is a record of the receipts each season for 16 years. The statement is as follows:

1904-05	383,858
1903-04	326,708
1902-03	328,267
1901-02	284,772
1900-01	258.561
1899-00	282,360
1898-99	291,365
1897-98	232,273
1896-97	234.664
1895-96	176,440
1894-95	234,621
1893-94	189,840
1892-93	160,098
1891-92	161,510
1890-91	189.325
1889-90	134.916

The monthly statement of the receipts of cotton and naval stores at the port is printed in the commercial column of the Star this morning. The receipts of cotton the past month have been 2,914 bales against only 127 bales during August last year. The receipts of naval stores for the month and crop year to date also compare very favorably with last season. The crop year for naval stores begins on March 1st.

NEW SAVINGS BANK.

Will Be Open for Business This Morning—The Organization.

The charter for the Carolina Savings and Trust Company arrived yesterday and the stockholders will meet for organization at 9 o'clock this morning in the office of President Jno. S. Armstrong, of the Atlantic National. The new bank will begin business with the banking hours of the day as usually observed by other similar institutions in the city. Mr. J. Holmes Davis will be in charge as cashier, and deposits made to-day will bear interest from September 1st. The latter concession is given because it was impossible for the bank to get in readiness to receive deposits yesterday.

Elsewhere in to-day's Star will be found an advertisement of the new institution, which will start upon its career under the most favorable auspices. A number of deposits have already been received by the bank, but they will not begin to come in generally before to-day.

Government Launch Safe.

The government launch "Lieutenant Bernard." Capt. Melay, previously reported ashore at Bogue's Inlet, near Beaufort, N. C., arrived at Southport yesterday, convoyed by the tug Blanche. Capt. W. A. Sanders, which went to the assistance of the launch earlier in the week. The launch is bound from a point on the Massachusett's coast to Charleston, S. C., to be used in the quartermaster's department of the U. S. Army at Fort Moultrie. The launch was little damaged by her experience in the northeaster, which swept the coast early in the week, and will proceed from Southport to Charleston as soon as the weather is favorable.

Wilmington Gun Club.

The Southport team didn't come up for the shoot with the Wilmington Gun Club yesterday. The Wilmington team will go down for a shoot with Southport Wednesday and Southport will return the visit next Friday. The scores on the traps yesterday afternoon out of a possible 25 were as follows: "Big Dick," 17, 17; Littig, 21, 21, 18, 20, 21; Hergenrother, 20, 19, 16, 17; R. H. Bellamy, 19, 22, 21, 21; Stockley, 23, 24, 19, 20; Empie, 18, 23; Reed Williams, 5; Loder, 18; H. L. Blue, 2; "Bill" Grant, 6, 4.

The Dunlap Hat Agency.

Messrs. J. M. Solky & Co., will celebrate the establishment of their agency for the famous Dunlap hats with a special opening to-day to which the public generally is invited to inspect the new shapes and styles in that fashionable line of goods. The agency of the Dunlap hats was secured by Messrs. Solky & Co., only upon the purchase of a large stock, which will be put on sale at once.

TO ESTABLISH NEW PAPER

The Daily Independent to Make Its Appearance About October 1st—Its Policy—The Promoters

Messrs. William L. DeRosset, Jr., Benjamin Motte and Capt. Armand L. DeRosset, composing "The Independent Company," announce elsewhere in to-day's Star that they will in the near future begin the publication of another daily newspaper in Wilmington the name to be "The Independent." The policy of the proposed paper is outlined fully in the official announcement and it is only necessary here to refer to that announcement and say that the gentlemen named propose to make of the publication what its name implies—independent in thought and action.

It is understood that the new paper will be issued about October 1st from the job printing establishment of Mr. W. L. DeRosset, Jr., and that additional type and machinery has been ordered to guarantee typographical excellence. It is the purpose of the promoters to have the paper start at first as a 6-column, four page sheet, to be enlarged from time to time as the conditions may warrant. For the present a type-setting machine will not be ordered and the composition for the paper will be by hand. A telegraph press service and other improvements will be added when occasion requires.

Capt. A. L. DeRosset, a writer of versatility and experience, will be editor of the new paper and the local field will be covered under arrangements to be made in due time. It is learned that it is the purpose of the projectors of the enterprise now to issue the paper as an afternoon publication, though that arrangement is subject to change and a morning edition may be issued.

Mr. W. L. DeRosset, Jr., has been in the printing business for a number of years and is fully acquainted with the trade. Mr. Benj. Motte, the third member of the company, is a printer by trade and was for some years foreman of the Morning Star composing rooms. It is understood that he will be foreman of the new paper.

SEASHORE HOTEL CLOSED.

Season Surpassed All Former Years in More Than One Respect.

The Seashore Hotel at Wrightsville Beach closed for the season yesterday. Manager Joe Hinton says the past season has been the most successful he has ever enjoyed. The hotel has been filled with guests almost from the day of the opening to the close and otherwise the season has been most satisfactory. If the crowds that visit Wrightsville continue—and there is no doubt but that they will continue to increase from year to year—the hotel will have to be enlarged and that is now being considered.

Manager Hinton could have profitably kept open much longer, but all his help was engaged to only September 1st., and he would not insist on breaking into any of their arrangements for the Fall. It has been a great season and Manager Hinton has won further plaudits as the premier seashore hotelist on the South Atlantic coast.

DEDICATED NEW BUILDING.

Notable Ceremonies Yesterday at A. & M. College, Raleigh.

(Special Star Telegram.)

Raleigh, N. C., Sept. 1.—Ceremonies of dedication of the new Agricultural building named in honor of Richard Stanhope Pullen, at the Agricultural and Mechanical College were admirably carried out this evening, in the college auditorium. After prayer by Pastor Tyree, of the First Baptist church, an original hymn by Edwin H. Taylor was sung by a mixed choir. President Winston made the opening speech. Addresses of congratulations were made by Dr. Richard H. Lewis, for the State University; President W. L. Poteat, for other colleges; President Frank P. Hobgood, for the schools; Secretary of State Grimes, for the farmers; Clarence H. Poe, for the press; R. W. Scott, for the trustees; Charles W. Burkett, for the faculty; and J. O. Morgan, for the students in agriculture. An address to the farmers by Harvie Jordan was a marked feature.

The building was then dedicated by Lieut. Gov. Winston. Governor Glenn pledged his aid in inducing the Legislature to build dormitories as the college is now full to the limit. After conclusion of the ceremony, then barbecue was served in the mess hall.

FARMERS' CONVENTION.

Addresses Yesterday by Several Prominent Speakers—Officers Elected.

(Special Star Telegram.)

Raleigh, N. C., September 1.—At to-night's session of the Farmers' State Convention, there were addresses by E. J. Watson, Labor Immigration Commissioner of South Carolina, and Thomas K. Bruner, acting Immigration Commissioner of North Carolina. Both discussed immigration matters. Rutherford P. Hayes, of Asheville, spoke on farm machinery and also in the interest of the Appalachian Forest Reserve. J. H. Cutler, of Raleigh, replied to parts of Mr. Watson's address. The convention elected C. C. Moore, of Mecklenburg, president, and C. W. Burkett, secretary.

Libel of Tug Grayling.

The respondents having failed to make answer to the libel of the steam tug Grayling by the Wilmington, Southport and Little River Transportation Company, the papers have been forwarded by the Clerk of the U. S. Court here to Judge Purnell, who, it is expected, will make an order for the sale of the property to satisfy the claim of the libellant, which is $500 salvage. The owners of the tug are at Detroit, Mich., and she was on her way to this port for sale to the Waccamaw Land and Lumber Co., when she encountered rough weather and had to be towed in by the libellants, who were refused payment of the salvage claim for that service.

On Labor Day 25 cents round trip to Lumina. au 29-5t**

CONSOLIDATED PLAN

Princess Street Will Doubtless Be Wanted For Double Track Into City.

IMPROVEMENTS AT LUMINA

Contract Awarded Yesterday—Purchase New Winter Car to Handle Crowds—Bowling Tournament —Dancing This Winter.

The plans of the Consolidated Railways, Light and Power Company for the improvement of its various properties in and around Wilmington and at Wrightsville Beach are yet in embryo according to a well known official of that company, who was sought out yesterday and asked concerning the reliability of the several rumors that have been afloat during the past ten days. That the suburban line as far as the trestle over the sound will be double tracked before the beginning of another season is now generally conceded, but the arrangements as to bringing the double track into the city have not yet been settled upon. It is known, however, that the company favors bringing the double track down Princess in preference to either Market or Chesnut streets, but what will be ultimately done is yet to be decided upon. The opinion is expressed in some well-informed legal circles that under its present charter, the company already has the right to lay its double track down Princess street but whether that mooted right will be exercised without the courtesy of a formal application to the Board of Aldermen is doubtful. Mr. Hugh MacRae, who will finally pass upon such matters for the company is now travelling in Quebec and is not expected here until about the middle of October.

Lumina, a Winter Resort.

One thing that has been decided by the company is to convert Lumina, the attractive pleasure palace on the beach, into a resort for Winter. General Manager Skelding, of the C. R., L. & P. Co., yesterday closed a contract with Architect H. E. Bonitz for enclosing the pavilion with glass. They visited the pavilion yesterday afternoon and agreed upon all the plans. The entire veranda on the east and south sides will be shut in by sliding glass panels, which may be thrown open as the weather conditions permit. The veranda on the west side will be left open for a promenade and entrance, and the glass enclosure on that side made of the ball room proper. The north side is already enclosed by the restaurant apartment. A good orchestra will be kept at the pavilion all Winter and dances will be given each Saturday night. Downstairs pool rooms will be installed and other features of amusement will be provided.

One of the plans for next season is to widen the verandas of the pavilion and to extend that on the east side 50 feet over the ocean at high tide.

To accommodate the extra traffic which it is expected that Lumina will attract with its Winter offerings, the company has placed an order for an extra enclosed car of the same size as No. 35, now in use, and furnished with rattan seats, similar to No. 28.

The new orchestra from Jackson Springs, engaged for the month of September and longer, if satisfactory, reported for duty yesterday and will play for the first dance to-night. Last night the crowd was one of the largest of the year and there was no suggestion of the loss of popularity of the place by reason of the waning of the season.

To-night the W. L. I. and Union teams will meet in the popular bowling tournament now going on for the handsome silver loving cup offered by the Consolidated Company. Neither of the teams has lost a match yet and the contest to-night will be spirited.

REAL ESTATE TRANSACTIONS.

Transfers Which Appear From Deeds Filed For Record Yesterday.

From deeds filed for record yesterday, the following real estate transfers appear:

John R. Williams and wife to Frances C. Watters, wife of Joseph H. Walters, for $4,500, property on south side of Orange 106 feet east of Front street, 44x87 1-2 feet with right of way over and cistern privileges on adjoining property.

State of North Carolina to Thos. W. Davis trustee, assignee of L. M. Bryan, for $50, tract of 140 acres of land near the site of the Winter Park Gardens Co., in Harnett township.

Jno. F. Garrell and wife to Justin M. Bunting for $3,600, property on north side of Princess, 60 feet east of Second street, 36 feet on Princess and extending 66 feet into the block.

S. P. Collier and wife to Julius Cowan for $129.25, property on north side of Rankin, 66 feet west of Bay street, 33x66 feet in size.

S. V. Bunting and wife to Wm. B. Schuler and wife, for $2,750, property on south side of Red Cross, 165 feet east of Fourth street 33x150x40x110 feet in size.

PERSONAL PARAGRAPHS.

—Mr. Ernest Williams, of the C. & W. C., at Augusta, arrived last night.

—Mr. E. E. Murphy, of Atkinson, N. C., was a visitor to the city yesterday.

—Mr. and Mrs. A. H. Powell, of Oxford, N. C., were guests at The Orton yesterday.

—Capt. J. L. Autry, of Autryville, was a welcome caller at The Star office yesterday.

—Mrs. J. S. Chambers and niece, Miss Cumback, left yesterday afternoon for Plainfield, N. J.

—Mrs. Oliver Smith returned last evening from a visit to relatives and friends in the upper part of the State.

—Messrs. J. V. Eubank, W. G. Jenkins, and J. S. McKnight, of Greensboro, were guests at The Orton yesterday.

—Mr. W. C. Lennon, of Phoenix, N. C., was here yesterday on his way to Carrolton, Ga., where he will engage in business.

—Col. and Mrs. W. L. DeRosset left last evening for Graham, N. C., where they will spend some time, the guests of their daughter, Mrs. Scott.

—Miss Eva W. Brantley, of Cheraw, S. C., who has been the attractive guest of Miss Emma Clowe, No. 420 Red Cross Street, has returned home.

—Dr. Joseph Akerman, surgeon-in-charge of the James Walker Memorial Hospital, will return to-day from a vacation of two weeks spent with a brother in Boston and at several resorts in the North.

—Mr. and Mrs. D. W. McNaughton, of Boardman, were guests at the Orton last evening. Mrs. McNaughton is returning from a visit to her old home at Saulte Ste Marie, Mich., and Mr. McNaughton came to Wilmington to meet her.

—Mr. John Frank, formerly manager of the Western Union Telegraph Co., in this city, but now with the Postal in Washington, arrived yesterday on a brief visit. He is being cordially greeted by his numerous friends in the city.

—Mr. Geo. W. Brunson, Jr., editor of the Charlotte News, returned home yesterday afternoon after a pleasant visit of several days in the city. He was accompanied to Charleston by Mrs. Brunson and little daughter, who spent the past Summer here.

—Pender Chronicle: "Mr. Geo. L. Paddison resigned his position at the Colonial Inn last Saturday and returned home. He expects to leave for Lexington, Ky., in a few days, where he has accepted the position of assistant in chemistry at the University of Kentucky."

—Mr. Chas. P. Grim, of a wealthy contracting firm in Philadelphia, is in the city on his way South to bid on some government work. He is a guest of Mr. and Mrs. James H. Cowan Mr. Grim's father built the original fortifications at Fort Caswell, at the mouth of the Cape Fear river.

—Mr. R. H. Cowan, of the firm of Cowan Bros., will go over to Newbern this afternoon to be present Monday night at the opening of the New Masonic Opera House, of which the Messrs. Cowan are lessees. The inaugural attraction will be the same as here the following night—the International Vaudeville Stars.

Carpenter Injured.

Bailey Owens, a white carpenter about 40 years of age, residing at No. 513 North Seventh street, was taken to the hospital yesterday afternoon by Dr. Thos. M. Green, suffering with a severe scalp wound. Mr. Owens was injured by being struck on the head with a falling scantling.

Warranty Deeds for sale at the Star office. tf**

Special Trial Offer
THE MORNING STAR
At Reduced Rates
To New Subscribers

For the next sixty days will mail THE MORNING STAR to subscribers outside the city at the following reduced rates:

FOR ONE YEAR $4.00
FOR SIX MONTHS $2.00

Positively, no subscription will be taken at the reduced rates for a period less than six months. For one month the price will be, as heretofore, $1.25 for three months; or, fifty cents for one month.

This offer, as will be noted, is for a limited period only, and is made for the purpose of giving those who appreciate the value of a daily newspaper an opportunity to read the STAR for six months, or more, at a cost of about one and a quarter cents per copy, and then determine whether or not they will continue their subscription at the regular price.

No name will be entered on our books under this offer unless the order is accompanied with the cash.

While this proposition is made primarily to secure new subscribers, old subscribers outside the city may avail themselves of its advantages at the reduced rate provided they pay all arrearages and for not less than six months in advance.

On account of the heavy expense attached to our city circulation department this offer does not apply to city subscribers.

Sample copies mailed free to any address.

Note the conditions of this offer carefully to avoid mistakes.

NEW ADVERTISEMENTS.

TO THE PUBLIC.

It is the purpose of the undersigned to establish and publish in the near future in the city of Wilmington a daily paper to be called "The Independent" which shall echo as far as possible through its columns the sentiments and opinions of the thoughtful people of Wilmington. As its name implies the paper will be thoroughly independent in all things but it will always advocate those principles which conduce best to the interests and material welfare of all our people, but in no instance will it fail to criticise with deserved severity the shortcomings and negligences of individuals in power as well as of corporations, many of whom have violated the written law, but plain justice shall be meted to all and conservatism shall mark the course of the paper. Its main purpose will be to diffuse knowledge and disseminate news, not to moralize nor teach, but it will not approve of the fanaticism of the zealots who have done much injury, brought reproach upon a political party and have consigned to a political grave those following their behests. These zealots prefer to pluck the splinter from another's eye, while blinded by the log of wood in their own. Upon the gracious support of our people we rely for success but for a while we crave the kindly consideration of and the indulgence of our friends.

WILMINGTON, N. C.

Saturday Morning, September 2.

SITUATION WITH REGARD TO COTTON.

In the New York Journal of Commerce of August 30th appeared an "open letter from Mr. Atwod Violett, the New Orleans and New York cotton broker, addressed to President Jordan of the Southern Cotton Association. The Journal of Commerce thinks the evident purpose of Mr. Violett's letter was to convince people in general and not cotton planters in particular that the present relation of the supply of cotton to demand, and the consequent high price, is substantially a permanent condition and not the incident of one relatively unfavorable year. The Journal of Commerce then speaks of the letter as follows:

"As an argument, it is similar to one more vociferously uttered and widely disseminated two years ago. The purpose is not so wildly speculative, and it may be honorably based upon personal conviction. Mr. Violett speaks of what he himself calls the present 'bullish operations' as 'supporting the market against any effort to depress it unduly, and likewise to prevent its assuming anything approaching the character of a boom.' His basic assumption is that 'the supply will not be at all commensurate with the demands' for the twelve months beginning September 1, including whatever may be carried over from last year, and he says that 'until twelve million crops are again assured as a permanency, with a gradual increase thereafter in the yield, there can be no accumulation of weight of cotton anywhere, because of the continued increase in the world's requirements, above even the present high water mark of consumption.' He is speaking only of American cotton, and his conclusion is that 'high prices for cotton have come to stay and 11c minimum for the planter can no longer be in doubt.' He repeats further on in his letter: 'Ninecent cotton has gone, never to return. Ten-cent cotton is likely to be in the same category. Eleven to twelve-cent cotton the spinning world, in my opinion, will soon accept as the price they are likely to have to pay continually hereafter."

"It may be invidious to compare these calm statements with the extravagant ones made by Mr. Sully two years ago, but they seem to be based, in part at least, upon similar assumptions of the permanency of conditions which are very likely to prove temporary. Whether Mr. Violett's estimate of the available supply from this year's crop at 9,500,000 bales, and the surplus to be added to it from last year's at 1,500,000, while the demand for consumption will be 12,000,000 or over, is correct or not, does not affect the case except for the twelve months immediately before us. We are inclined to think that he underestimates the supply and overestimates the demand—at the price which he maintains will be the established minimum—and he leaves out of account any increase of supply from other sources than the United States."

Mr. Violett is a bull, and we can say for the Journal of Commerce that it is one of the most conservative and ably edited paper in this or any other country. We take it from further comments of our esteemed New York contemporary that it believes in a 9 or 10 cent basis for the price of spot cotton, but it does not share Mr. Violett's opinion that 11 to 12 cents cotton will prevail.

We venture the assertion that when the world is prosperous as it seems today the demand for raw cotton will be for every bit of a 12,000,000 bale crop of the American product. The South has demonstrated that it can supply that size crop and more, and we believe that it could be made 20,000,000 bales if we had the labor and there was a demand for it. However, labor conditions and weather conditions from year to year will make a 12,000,000 bale crop a fair average per year. It depends, however, on the prosperity of the people of all parts of the world what the demand and the price will be. We would not be surprised, however, to see the future bare Mr. Violett out in his predictions.

WANT NO YANKEE CIVILIZATION.

In Manila last Tuesday the marble hall of the municipal building was crowded all day with the followers of those Filipinos who are conducting the agitation for the independence of the Philippines. By invitation of Governor Gen. Luke Wright they had assembled to meet the visiting American Congressmen and air their grievances against the insular and provincial governments which the United States authorities have set up in the islands. Without a single exception the Filipino orators insisted on independence, and we have no doubt if it were put to a vote of the people they would overwhelmingly decide that they want no American sway over them. Yet "The Land of the Free and the Home of the Brave" bought the outfit and will insist upon governing them "without the consent of the governed."

"Benevolent assimitation" on the part of Americans does not seem to cut much ice in the Philippines though it can indeed be said that it has received "a cold reception." The Filipinos continue to demand independence because their traditions, their aspirations, their ideals, and their race have nothing in keeping with western civilization as the Yankee sees it.

The fact is plain that the Filipinos have about as much contempt for our ways and methods as we have for theirs. The simple fact is our work in the Philippines is an effort to supplant orientalism with Americanism and the Filipinos are not built in a way to make it a success. We would like to make the Philippines what America is but the Filipinos are simply unwilling for us to do so.

CURRENT COMMENT.

—A philosopher is a man who has quit being a fool.—New Orleans Picayune.

—An interesting point shown by the statistics of births in New York is the fact that there is comparatively little inter-marriage of the immigrant races, less than is generally supposed. The returns show that out of 49,074 infants of foreign extraction born in the metropolis only 1,871 were of mixed foreign parentage, the rest, 47,293, being progeny of parents of the same nationality.—Rochester Union and Advertiser.

—Secretary James Wilson may be right when he says that under present methods of rotating crops we cannot expect to increase our wheat crop, and we shall do well if we raise enough wheat for our own bread. It is pretty certain that the "bumper" crop of cotton has already been raised; the planters hope so. These conditions are a sign that the time is coming soon when the factories and not the farms will produce the bulk of American exports.—New York Commercial.

—To be sure, in exposing his life, the President only followed the example of the officers and crew of the Plunger, but it was their duty to do that very thing and it was not the duty of the President. President Roosevelt has emphasized his personal bravery at the expense of his reputation for prudence. Considering the importance of his office and the obligation which he owes the country to keep outside the limits of personal danger, his latest feat might have been better left unaccomplished.—Syracuse Herald.

—Inasmuch as the whites number something over seventy of the eighty million people in the United States, the assertion of the "Afro-American" Press Association that this is not a "white man's country" will not bear analyzation. Even where the white man is outnumbered by the black in certain Southern sections, he is in control; and, more than that, owing to the fact that the blacks, although in contract with civilization for centuries before the whites of Europe emerged from barbarism, are still "in Darkest Africa," there is every prospect that even that continent will become a "white man's country." It is time that those who delight in calling themselves "Afro-Americans" understood this much.—Brooklyn Citizen.

TWINKLINGS.

—Briggs—Tomkins is engaged to a widow, I hear. Braggs—That's just like him. Too lazy to do any of the courting.—Tit-Bits.

—"Josh's letter from the city sounds like he was homesick," said Mrs. Corntossel. "He ain't homesick," replied her husband emphatically. "He's broke."—Washington Star.

—British Tourist—I say, what makes you Americans talk with your noses? American—I say, what makes you Britishers talk with your don't-you-knowses?—London Express.

—"Johnny, who was Peter and who was Paul?" "Them was the guys wat robbed each other to pay each other without lettin' their left hands get wise." — Cincinnati Commercial-Tribune.

—"Is she pretty?" they asked of the young man who was speaking of his fiancee. "Well, I don't want to boast," he replied, "but she always gets a seat in a crowded street car."—Stray Stories.

—Sammy — I'm furder along at school 'n what you are. Can you do cube root? Johnny—That's one I never heard of, but I ain't afeard. I can do Jake Root wit' one hand tied behind me.—Chicago Tribune.

—"Then," said the jilted lover, "am I to understand that I no longer sway your heart?" "That's what!" replied the summer girl; "for a while, at least, my heart will be controlled by a syndicate."—Philadelphia Press.

—'Tis Often Thus.—"Disappointed in her husband?" exclaimed Mrs. De Style in surprise. "Why, before they were married she used to tell me that he was a Greek god." "So she did," responded Mrs. Van Nobb, "but he turned out to be a regular Bacchus."—Louisville Journal.

SUNDAY SERVICES.

There will be no services in the First Presbyterian church to-morrow.

Rev. Fred. D. Hale, will return today and occupy his pulpit at the First Baptist church to-morrow at usual hours for worship. Dr. Hale has been in Kentucky the past two weeks, where he spent his vacation.

St. Andrew's Presbyterian church, corner Fourth and Campbell streets, Rev. Alex. D. McClure, D. D., pastor. Sabbath services at 11 A. M., and 8 P. M. Sabbath School at 4:30 P. M. W. C. E. Society at 7:25 P. M. Prayer Meeting and Lecture Wednesday at 8:15 P. M. The public cordially invited. Seats free.

Religious services will be conducted at the Seaman's Bethel to-morrow afternoon at 3 o'clock by Rev. A. D. McClure, D. D. Seamen and rivermen are especially invited. All are welcome.

COMMERCIAL.

THE COTTON MARKET.

New York, September 1.—The cotton market today was less active and ruled very nervous. There was a sharp break early but later covering caused some improvement and the close was 5 points lower to one point net higher. Sales were estimated at 400,000 bales. The opening was easy at a decline of 1 to 3 points in response to lower cables. At first there was some hesitation but the bears seeing no indication of important bull support, soon pounded the market below the low point of the previous day when stop orders were caught and liquidation became general. Prices were carried down to a net decline of about 13 to 15 points before covering became a feature. But as the market steadied there semed to be a few fresh buying orders for long account and shortly after midday active months worked up to a net gain of 4 to 6 points. This was followed by less active business and narrow irregularities with the close steady. Two private condition estimates were issued, one placing it at 72.4 per cent. against 75.4 per cent. last minth and the other at 70.5 per cent. against 75 last month. The latter also estimated the acreage abandoned since June 1st at 1,600,000 acres and placed the present area about 20 per cent. under last year. Rains fell at one or two points in Texas but the drought was not materially broken.

Cotton futures quiet and easy. September, 10.50; October, 10.70; December, 10.78; January, 10.82; February, 10.87 bid; March 10.90; May, 10.93.

Futures closed steady. September, 10.52; October, 10.66; November, 10.69; December, 10.76; January, 10.84; February, 10.88; March, 10.93; April, 10.94; May, 10.97.

Spot cotton closed quiet. Middling uplands, 10.95; middling, 11.20; sales 28,700 bales.

Port Movement.

Galveston—Quiet, 10 5-8c.; net receipts, 8,717 bales.

JACKSON SPRINGS HOTEL!

THIS favorite Resort of all those seeking rest, health, pleasure, agreeable society and amusements, amid beautiful surroundings, will be found this year more attractive than ever. The Hotel is now under the management of Mr. Robert Irving, who spares no pains to secure the comforts and conveniences of his guests. The table is supplied with the

The Best the Market Affords

Servants are polite and attentive, and the conveniences include the most modern Sanitary arrangements, with hot and cold water baths, steam heat (in the winter), electric lights, &c. For the amusements; visitors will find Golf Links, Billiard Room, Bowling Alley, Lawn Tennis and Croquet; an orchestra to furnish music for Hotel and grounds in day, and at the Pavilion for the dance at night. The waters of Jackson Springs, while they stand second in the long list of Mineral Waters in the United States (having taken only the

Silver Medal at the St. Louis Exposition)

Are second to no water in AMERICA in their cures of Indigestion, Dyspepsia, Bright's Disease, and all other Kidney trouble; Female Suffering, Rheumatism, Nervous Debility and all like ailments, as a long list of testimonials will show. This water is shipped to all parts of the Country, and gives good results from its use, but is used to the best advantage at the Springs, where the delightful and romantic surroundings, the sweet breath of the pines, the purity of the air, are all furnished by nature to assist in the Curative process. SPIRITS TURPENTINE.

—Charlotte's trolley line is to be extended into the outlying potions of the city.

—Lumberton Robesonian: The first bale of new cotton sold on our market was bought by Messrs. Caldwell & Carlyle Wednesday morning, from Mr. Gilbert Lovett, of Britts, at 10;37½ cents per pound.

—Kuffin Lodge No. 6, Knights of Pythias, of Goldsboro, has purchased the valuable corner lot opposite the postoffice, formerly owned by Mr. L. E. Edgerton, and will soon begin the erection of a handsome lodge building thereon.

—Salisbury was joyous on Thursday. An important event in the town's history occurred when street cars began running on schedule trips at 1 o'clock. They leave both Salisbury and Spencer every 20 minutes. The operation of cars will greatly aid the business interests of Rowan's prosperous sister cities.

—Winston-Salem Sentinel: Mr. John Nail, who was struck on the head by a brass staple and seriously injured at Brown & Williamson's tobacco factory a few weeks ago, was taken to Greensboro to-day by his physician, Dr. John Bynum. He goes there for the purpose of having his head examined by Dr. Long's X-ray machine, to see if the staple is in the head. Mr. Nail stated that at times his head gives him considerable pain.

—Ashpole correspondence, Lumberton Robesonian: Mr. Atlas Bullock formerly of this place who has been living near Chadbourn for several years, died last Monday and was brought back to his old home and buried Tuesday. Mr. Bullock was well known to all the older people in the community and known as a pure hearted Christian and all deplore his loss. He leaves a devoted wife and adopted daughter, who will miss him greatly.

—Duplin Journal: Capt. Wellington Patton, who keeps Calypso in perpetual motion, is now putting in the Calypso Flour Mills, with 60-barrel capacity per day. The machinery is all new and first-glass, occupying his four-story mill building. This machinery will cost $5,000 and will be ready for wheat in three weeks. Captain Patton will order wheat from the West to begin his roller process flour making, to show these people what can be done at Calypso at his flour mills.

—Warsaw correspondence, Duplin Journal: Rev. W. M. Shaw, of Kenansville, was here Monday. Mr. Shaw speaks in glowing terms of the exceedingly bright prospects of the James Sprunt Institute for the coming term. This institution is steadily growing in favor and deservedly so, for its courses of instruction are thorough and complete, and the Christian influences prevading the school and the town of Kenansville, in which it is situated, are unsurpassed by any section anywhere.

—Pender Chronicle: This is no fish story: Mr. John R. Bannerman, who is well-known to most of our readers, killed an alligator a few days ago at Bannermanns' Bridge, on Northeast River, which was 10 feet 3 inches long and weighed 163 pounds. It had eaten 9 porkers for him and had just attacked a 365 pound sow. Her agonizing squeals attracted his attention and when he reached her she was found to have only three legs and left ham having been knocked completely off by the tail of the 'gator. Anyone doubting this can ride down there and see his carcass.

—Mr. Albert Leonard, of Trading Ford, Rowan county, met a fearful death on Wednesday afternoon. She lived for hours after the accident in awful agony, pleading piteously with the attending physician to spare her the suffering by terminating her life. The fire in the kitchen stove was going out when Mrs. Leonard poured kerosene upon the dying coals, holding the can within a foot of the open stove. The flames shot upward, the can exploded, and Mrs. Leonard was ablaze. She ran into the yard, but her clothing was already burned from her body and from neck to feet she was a crisp. Exhausted, she fell to the ground, where she was found a little later in torture.

—Superior Court for the trial of civil cases will convene in Asheville next Monday, with Judge McNeill, of Lumberton, presiding. The term will last for six weeks and it is probable that many cases will be disposed of. At previous terms of court for the trial of civil cases a large number of suits have been placed on the calendar and, when called, neither the plaintiffs nor the defendants were ready for trial. By reason of this delay in the trial of cases placed on the calendar the presiding judges have had little work to do in Buncombe for the past year and in many instances court adjourned a number of days before the expiration of the term. The result is that there are on the docket 701 cases, some of which have been docketed for a number of years.

—Lumberton Robesonian: Jim. Purcell, colored, killed a woman at Pembroke Wednesday night about 8 o'clock. Purcell and Wesley Wadkins, also colored, had a dispute over some shingles, Wadkins, so it is said by Purcell, started at him with a knife, when he shot him. Kat Carter, a colored woman, who was present, stepped in between the men just as the gun was discharged was killed instantly. She held a baby in her arms, but it escaped injury. Purcell was promptly arrested by Officer R. H. Wallace and at once brought to Lumberton and lodged in jail. In three and one-half hours after the killing, although the deed was committed twelve miles from here, the prisoner was in jail. Coroner Raucke and Dr. T. A. Norment left yesterday morning for the scene of the crime to hold an inquest.

Very Low Summer Excursion Rates to Western North Carolina Resorts

Via Seaboard Air Line Railway.

On sale daily; good till October 31st, with stop-over privilege.

The Kind You Have Always Bought

IT'S YOUR KIDNEYS

Don't Mistake the Cause of Your Troubles—A Wilmington Citizen Shows How to Cure Them.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Wilmington people testify to permanent cures.

E. Poezolt, merchant tailor, of Eight South Front street, residing at 115 North Sixth street, says: "My wife used Doan's Kidney Pills and in her case they proved to be an effective remedy. She suffered with her ankles and could scarcely get down stairs in the morning. We thought it was rheumatism and her ankles would be all pulled up every morning so she could hardly hobble around. Since obtaining Doan's Kidney Pills at R. R. Bellamy's drug store and taking them she seems like another person. She is better in the morning, the swelling left her ankle and from the great relief she obtained we are only too glad to recommend Doan's Kidney Pills to others."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—DOAN'S—and take no other. **

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundancy.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

HARDIN'S PHARMACY, Special Agent.

AN ANNUAL LABOR DAY TREAT.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promtly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for Consumption, Coughs and Colds." Greatest sale of any cough or lung medicine in the world. At R. R. Bellamy drug store; 50c and $1.00; guaranteed. Trial bottle free.

Are You Engaged?

Engaged people should remember, that, after marriage, many quarrels can be avoided, by keeping their digestions in good condition with Electric Bitters. S. A. Brown, of Bennettsville, S. C., says: "For years, my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." R. R. Bellamy, druggist, sells and guarantees them, at 50c a bottle. **

The Morning Star.

WILMINGTON, N. C.

Saturday Morning, September 2.

WARM WIRELETS.

At Chicago yesterday "Major Delmar," driven by C. K. G. Billings, his owner, went two miles against the track wagon record of 2.09, fluishing in 2.05 2-5 and 2.05 3-5.

A cablegram last night from Tiflis says: The town of Shusha is beseiged by tartars who are well armed and are massacreing the Armenians. Telegraphic communication with Shusha was cut this afternoon.

Carl Varble, the confessed murderer of Joseph Gentry during a game of cards at Gate City, Va., was taken back to Virginia yesterday from Woodbury, N. J., on requisition papers. Varble surrendered himself about a week ago.

Fire on board the Spanish steamer Gracia from Port Tampa and Pensacola, which has arrived at Liverpool yesterday damaged forty-five bales of cotton in her cargo. Two hundred more bales were damaged by steam and water.

James W. Evans, of Coilidge, Ga., charged by his father-in-law, T. C. Smith, former mayor of that town, with having caused the death of his wife by a criminal operation was yesterday discharged on preliminary hearing by County Judge Robles.

At Fall River, Mass., the sales of the print cloth market for the week are estimated at about 250,000 pieces. There was an active demand for good in the local cloth market during the week, the sales about equalling the total output. Manufacturers continue to be slow sellers on account of the high level of the cotton market.

At Withville, Va., yesterday a special grand jury indicted C. W. Gose for the killing of Frederick Brothers in that county several weeks ago. Gose is out on $5.000 bail. Borches was prosecutingfrom Philadelphia and had been prospecting in Virginia. The men had a difficulty over money matters and Borchers was shot and killed.

Professor F. H. Wright, a pianist and concert organist well known in England and this country, died last night at Roanoke, Va., after an illness of two weeks of typhoid fever, aged 35 years. He formerly lived at Denver, Colo., and Omaha, Neb. He was born in Bombay where his father, a colonel in the English army, was stationed.

The acting chief of engineers, United States Army, at Washington yeterday commended to the Acting Secretary of War adverse decision on the application for the Norfolk Bridge Corporation for permission to build a Cantilever bridge at Norfolk, Va. This recommendation follows that of the army engineer at Norfolk. The acting Secretary of War has not taken action on the recommendation.

The New York dry goods situation was further improved by the entrance into print cloth market yesterday of a big Fall River manufacturer, and although his purchases were not large, they were all that could be obtained and have steadied the entire market on clothes. Jobbers were active for spots on which a general scarcity exists. Trade in jobbing quarters continue with large shipments at the first of the month.

At Albany, Ga., yesterday half a dozen agents of the United tSates Internal Revenue Service have had under examination the books of a number of liquor dealers for some days. They have found that many farmers and others in Dougherty county have been accustomed to give orders on the liquor dealers to their negro hands, the goods delivered being charged to the account of the farmers. The result has been that many farmers and contractors have been required to take out license as retail liquor dealers.

THE SUFFOLK AND CAROLINA.

Sale Closed Yesterday at Baltimore for $150,000,000.

By Wire to The Morning Star.

Baltimore, September 1.—Negotiations were practically closed today for the sale of the Suffolk and Carolina railroad, which was built and is owned by Baltimore capitalists, to a New York syndicate. An agreement has been reached between the purchasing syndicate and the owners of a majority of the capital stock, and the latter have stipulated that all stockholders be given the same opportunity to dispose of their stock. Under this agreement the minority stockholders receive the same terms as the majority. It is understood that the railroad will stand the new owners around $1,500,000 as they take it subject to an issue of $800,000 of first mortgage bonds and $250,000 of income bonds. The capital stock of the company amounts to $960,000. The stockholders will net $30 a share by the sale.

HESTER'S COTTON STATISTICS.

Total Visible Supply 2,558,351 Bales Against 1,121,251 Last Year.

By Wire to The Morning Star.

New Orleans, September 1.— Secretary Hester's statement of the world's visible supply of cotton issued to-day shows the total visible to be 2,558,351 against 2.570,485 last week and 1,121,251 last year. Of this the total of American cotton is 1,643,351 against 1,617,485 last week and 474.251 last year and of all other kinds including Egypt, Brazil, India, etc., 915,000 against 953,0000 last week and 647,000 last year. Of the world's visible supply of cotton there is not afloat and held in Great Britain and Continental Europe 1.433,000 against 575,000 last year; in Egypt 46.000 against 55,000 last year; in India 615,000 against 330,000; and in the United States 464,000 against 161,000 last year.

YELLOW FEVER AT PENSACOLA.

Four Cases Reported by Naval Commandant.

By Wire to The Morning Star.

Washington, Sept. 1.—Captain Robert M. Berry, commandant of the naval station at Pensacola, Fla., has informed the Navy Department that there are four cases of yellow fever in that city and because of that fact he recommended the establishment of a quarantine at the naval station against city and a discontinuance of the work in the yard to the extent rendered necessary by the quarantine.

The Navy Department has approved the recommendation.

The first death here from yellow fever occurred today, William J. Abell, a tailor, being the victim. He was stricken Sunday. No other new cases are reported.

WAR CONDITIONS STILL CONTINUE

Japanese Refuse to Agree to Armistice Until Treaty Is Signed.

BE NO FURTHER FIGHTING

Treaty of Peace Making Rapid Progress—Temporary Hitch Promptly Avoided Yesterday by Witte and Komura—The Situation.

By Wire to The Morning Star

Portsmouth, September 1.—The only possible hitch on the horozon of the peace conference according to reports current here which are not officially confirmed arises out of an evident misunderstanding over the question of the neutralization of the Island of Sakhalin. According to the Japanese the understanding reached on Tuesday contemplated a mutual obligation on the part of the two countries not to fortify their representive possessions on the island. At St. Petersburg, however, there seems to have been an assumption that the agreement involved freedom of action upon the part of Russia in this respect in the north of Sakhalin, with an obligation on the part of the Japanese not to fortify or to use for startegic purposes the portion owned by her before 1876, which is to be retreded in the present treaty. It is said on both sides, however, that the hitch if it really exist as reported, will shortly be straightened out and it is believed that one of the subjects of tonight's conference related to this point.

Work on the Treaty.

As a result of the reports made tonight by Mr. DeMartens and Mr. Dennison to their respective chiefs upon their work this afternoon at the navy yard in the drafting of a treaty of peace, Mr. Witte and Baron Komura had a brief conference in the former's apartments at 8:30 tonight, regarding some details of translation and the few points of interpretation upon which the framers had been unable to reach complete accord. When Baron Komura left Mr. Dennison and Mr. Adachi, he entered the apartments of Mr. Witte where they were joined by Mr. DeMartens and Mr. Plancon. This conference lasted for about half an hour when the Japanese returned to Baron Komura's apartments, leaving Mr. Witte and his conferees who remained in conference for more than an hour. Mr. Witte and Baron Komura had no difficulty in coming to an agreement on the disputed points and at tomorrow's session the framers of the treaty expect to complete their work. The treaty must then be engrossed in French and English in duplicate which may take several days. It is stated tonight that twelve articles of the treaty have been completed and agreed upon. It now seems probable that the framers will be able to confine the treaty to fourteen articles instead of fifteen as was the original plan.

The ceremony of signing the treaty will be as quiet and unostentatious as possible. Both sides desire to avoid any spectacular features. Both realizes that, for different reasons the treaty will not be popular in thbir respective countries. In Japan especially there is expected to be a great popular outcry.

"We know," said a member of the Japanese mission today, "that we are going home to stones and perhaps dynamite."

The treaty will be given to the world. There is to be no secret about it, neither government having any reason to withhold it. Its provisions are therefore to be published broadcast textually, but not immediately. Mr. Sato said to the Associated Press today that it would not be given out until the final ratifications had been exchanged by the sovereigns of the two countries.

The treaty will be engrossed on the treaty paper of the American State Department, a peculiarly fine quality of linen parchment paper. Two of the caligraphers of the State Department have been sent for to come here and do the engrossing. It is officially stated that President Roosevelt will not come to Portsmouth to be present at the signing of the treaty.

No arrangements looking to a joint farewell visit to President Roosevelt have been made or even suggested. Baron Komura and Mr. Witte will go separately to Oyster Bay to express thanks on behalf of their respective countries and say " Good bye."

Mr. Witte expects to sail September 12 on the Kaiser Wilhelm II. He has already provisionally engaged a suite of rooms on that steamer. Baron Komura has provisionally engaged cabins on a steamer sailing from the Pacific coast September 20. He and his suite expect to leave New York September 12. The projected trips of the missions to the White Mountains have practically been abandoned because of lack of time.

Mr. Witte continues to receive messages of congratulation from all over the world. He reads each one them and gives directions to his secretaries regarding the answers to be sent.

Japan Refuses Armistice.

Portsmouth, N. H., September 1.—Japan has refused to consent to the cessation of hostilities until the treaty of peace has been signed. The Russian plenipotentiaries accompanied by the secretaries called on Baron Komura and Mr. Takahira shortly after noon today and were in conferncе with them for half an hour. Japan having indicated last night through Baron Komura her willingness for an armistice, Mr. Witte supposed today that he would find them ready to sign. Baron Komura explained that he would find them ready to sign. Baron Komura explained that while his government was ready to consent to an armistice his instructions were that this should not take effect until after the signing of the treaty. The discussion lasted for half an hour the Russian position being that Japan's contention was without precedent, and that if the armistice was not to take effect until the signing of the treaty it was practically unnecessary. However, the Japanese were insistent and an agreement accordingly entered into providing for an armistice which shall take effect the moment the treaty is signed.

Mr. Sato in explanation of Japan's insistence that the armistice shall not go into effect until the treaty is signed, said:

"It is necessary that not only the commanders in the field, but all the commanders of ships shall be notified and this necessarily requires a little time. Japan did not desire to have the armistice go into effect until the commanders on sea and land had been notified, thus ensuring the maintenance of the agreement."

It is pointed out in Japanese circles that an armistice has practically been in effect since the conference began and it is declared that there is no ground for anxiety for a clash before the signatures of the treaty.

PANAMA CANAL BUILDING

Conference of Enginees In Session in Washington—Work Contemplates Sea Lever Canal.

By Wire to the Morning Star.

Washington, September 1.—A notable board of distinguished engineers assembled in Washington today upon the request of President Roosevelt to determine the relative possibility of a sea level or lock canal in the division of the American continent on the Isthmus of Panama. The first of the metings at which they will grapple with the great problem began this morning in a small room at the office building of the Isthmian canal Commission. The proceedings were opened by the reading of the letter of the President calling them together and a letter from Chairman Shonts, of the commission, which gives in detail the purpose for which the engineers are convened.

Among the observations may be included the experience of the last year in excavating the Culebra cut from which some of our engineers have drawn unwarranted conclusions as to the probable cost of the work. There is nothing in this experience to justify the belief that the unit prices used in previous estimates were too high or that the estimate of the time required for completion of the work was too liberal. Nevertheless, this experience has been used as an argument in favor of a sea level canal, which plan had been condemned by two claims. It becomes necessary to consider once more the sea-level scheme, under which the work is now progressing, and under which all work of construction has been done since the United States acquired the property, closely resembles the plan of the comite tenique, in many essential particulars, but differs from it in the height of the Bohio dam and the important results which flow therefrom. The advantages which its authors expected to derive from this change were:

"1. To take fuller advantage of the topography of the country, by which it was possible to make the gigantic spill way automatic instead of mechanical and adequate for the discharge of the greatest floods, with only one channel to the sea instead of two.

"2. To increase the distance of lake navigation from seven to nearly thirteen miles.

"3. To reduce the estimated cost of the canal by about $15,000,000.

"The disadvantage of the change is the somewhat greater difficulties in constructing the higher dam and the locks of greater lift—difficulties, however, which are by no means insurperable."

Plans were also presented, prepared by Lincoln W. Bates and M. Brunau-Varilla and the views of the board are requested as to which plan it is most expedient to follow.

YELLOW FEVER IN NEW YORK.

Employe on Panama Canal Arrives With Well Marked Case.

By Wire to the Morning Star.

New York, Sept. 1.—Henry W. Wardell an American employed by the Panama railroad as boilermaker, is seriously ill tonight with yellow fever in the quarantine hospital on Swinburne island. Wardell arrived in yesterday as a first class cabin passenger on the Panama railroad steamer Havana from Colon. He was one of six passengers taken off the ship because they had elevated temperatures when the quarantine doctors went aboard for the customary inspection. Wardell, however, had been ill on the voyage. Two days before arrival he had applied to the ship's doctor for treatment. His temperature at that time was above normal, but he had felt better and at the time of the inspection at quarantine said he was all right. Dr. Doty, however, sent him to Hoffman Island and in the afternoon Wardell became so ill that he was transferred to the Swinburne Island hospital. His condition became steadily worse and it is now a well marked case of yellow fever. He is in a serious condition tonight and is being closely watched. Wardell is 43 years of age.

FOUR MEN WERE KILLED.

Terrible Result of the Bursting of a Fly Wheel.

By Wire to the Morning Star.

Pittsburg, Sept. 1.—Four men were killed, another is missing and is supposed to have been blown to pieces, and three more were seriously injured this afternoon by the bursting of a fly wheel at the National Tube Company, McKeesport, Pa. Two of the dead were skilled workmen and Americans. The others were foreigners. The explosion occurred shortly after 1:30 o'clock this afternon while over 400 men were at work in the mill. The wheel was 55 feet feet in diameter and it went to pieces with a loud report, tearing a big hole in the side of the mill and wrecking thousands of dollars worth of machinery. The explosion caused much excitement and hundreds of people were attracted to the plant. About a year ago a fly wheel exploded in the same department, killing a number of men.

TEN PERSONS KILLED.

Singular Railroad Accident in England Yesterday.

By Cable to The Morning Star.

Witham, Eng., September 1.—As the express from London to Cromore on the Great Eastern Railway was entering Witham station at full speed today five passenger cars left the track and crashed into the station buildings, causing the death of ten persons, six of whom were women, and seriously injuring twenty people. Among the killed was the porter of the station who was sitting in his room on the platform. He was crushed to death. Two tickets sellers were buried in the wreckage but they escaped serious injury. The gasometers beneath the cars caught fire and consumed the wreckage. Fortunately, however, all the bodies were removed before the flames gained headway.

YELLOW FEVER IN THE SOUTH

Situation at New Orleans Is Improved But Country Is Badly Infected

TWO NEW CASES AT NATCHEZ

Record at New Orleans Up To Date is 1,958 Cases and 281 Deaths—Priest and Physician Have Fever.

New Orleans, September 1.—The following yellow fever report up of 6 P. M. to-day:

New cases to-day, 39; total cases to date. 1,958.

Deaths to-day, 4; total deaths to date 281.

New diseases centres. 10.

Among the new cases to-day is Father Hoes, of St. Ann's, church whose parish has had considerable infection and who has labored among his people from the beginning. Assistant Surgeon W. C. Rucker, of the Marine Hospital Service, is down with a slight fever, but his case has not yet been diagnosed as yellow fever.

The country infection is still a source of anxiety, because now that the city is being cleared of infection there is danger or reinfection from the country, despite all the precautions which have been taken.

Strong measures are being adopted wherever there is evidence of the slightest laxity in the situation in any country community. One wealthy sugar plantation who refused to allow or contribute to the erection of an Emergency Hospital on his place where quite a number of Italians are infected, will have his place declared a public nuisance, and the State Board will take control and force him to pay the bill.

The two cases discovered at La-Rose. in LaFourche parish, 35 miles from Leeville. have been traced directly to Leeville, one of the patients being Dr. Tertrau. who attended several cases in Leeville.

Other outside reports received today showed two new cases at Mississippi City and two at Natchez.

Two New Cases at Natchez.

Natchez, Miss., September 1.—After an interval of six days since the discovery of fellow fever in this city, two casese were reported to-day. Both cases from the original source of infection. Dr. C. H. Lavender, of the Marine Hospital Service, arrived today and has taken charge of the situation. He arranged to fumigate railroad cars and steamboats so that the movement of freight can be resumed to-morrow.

Condition at Vicksburg.

Vicksburg, Miss., September 1.—Dr. Guiteras made another canvass of the town to-day without finding any sickness of a suspicious nature. The original patients are convalescent. The local Board of Health to-day requested the Marine Hospital Service to establish here a freight fumigation plant so there will be no interruption of freight traffic.

ATLANTA'S BOOZING MAYOR.

City Council Condemns Mayor Woodward for Conduct at Toledo.

By Wire to The Morning Star

Atlanta, September 1.—The City Council in executive session this evening adopted stinging resolutions condemning Mayor James G. Woodward for his conduct at the recent meeting of the League of American Municipalities at Toledo. The resolutions were passed by a vote of 19 affimative to 2 against. The resolutions declared that while Mayor Woodward was attending the convention in his official capacity, he appeared on the floor of the convention in a state of partial intoxication; that he made a spectacle of himself, bringing discredit upon this city and outraging the feelings and sentiments of the people; that this conduct is not typical of Atlanta, and that it is most severely censured and condemned. It was directed that a copy of the resolutions be sent to the Mayor of Toledo, the officers of the League of American Municipalities and through the Associated Press to the leading journals throughout the country.

Mayor Woodward appeared before the council and declared that he had been greatly wronged; that he had no apologies to make to Mayor Dunne, of Chicago, for his attacks upon him in his talk at Toledo, and while admitting that he had drank a little beer, said he was not intoxicated.

BRADSTREET REVIEW.

Fall Trade Opens With Briskness in All Lines.

By Wire to The Morning Star.

New York, September 1.—Bradstreet's to-morrow will say:

September openes with Fall buying apparently at a maximum with marked activity in all lines of industry, liberal buying by railroads of rails and supplies, currency shipments to the country to move crops increasing and with confidence as to the outlook for trade previously noted strengthened by the successful issue of the Russo-Japanese peace negotiations. These latter jointly with the increased pressure of supplies of agricultural products at leading markets, have had a distinct effect upon many commodity values, the tendency being toward a lower level in cereals, cotton, live animals, potatoes and butter. It is to be noted, however, that home products are strong and higher on the week.

Large eastern centers report marked activity in all lines of cotton goods, and larger buying of clothing, shoes, millinery, lumber building material and hardware. Southern trade advices are of a good tone, except in the quarantine sections in parts of Texas.

Business failures for the week ending August 31, number 161, against 189 in 1904.

KERMIT ROOSEVELT A HERO.

Tendered Old Couple His Berth in Sleper Last Night.

By Wire to The Morning Star.

Burlington, Iowa, Sept. 1.—Kermit Roosevelt was the hero of the hour on a Burlington train which passed through here early today. An old couple boarded the train at Omaha and not having reserved a berth were unable to secure any but an upper. Young Roosevelt hearing of the annoyance to which they were put tendered to them immediately his lower berth and took the upper one himself.

ROYAL ARCANUM MATTERS.

Mr. Landis Again Presents Cause of Younger Members.

By Wire to The Morning Star.

Put-in-Bay, Ohio, September 1.—At the Royal Arcanum conference today A. B. Landis, of Nashville, Tenn., an expert fraternal actuary replied to the argument of the protestants that the rates adopted at Atlantic City be rescinded and said on the ground of sentiment as much consideration should be shown the young man with a family depending on him as to the old man. Sentiment of the protestants, he said, was not crystalized around any one remedy and rescinding now would result in confusion. He was in favor of Table A. and the other option known as the table of regular rates, two in all. So far as the contracturally rights were convened they hnd been violated time and again prior of 1905.

Mr. Landis cited statistical information to prove the new rates were based on integrity and justice. He endorsed them but said they should have been put out with better explanations. He will later submit a plan to the committee and Supreme Council.

THE CHOLERA SITUATION.

Forty-Three New Cases In Germany Yesterday.

By Cable to The Morning Star.

Berlin, September 1.—Forty-three cases of cholera in all have been reported. Nine persons have died from the disease and many suspicious cases are under observation. The legal and medical machinery for dealing with this invasion of the Asiatic bacillus is now working at full pressure.

Professor Edward Sonnenburg said to The Associated Press to-night that no one need fear an epidemic such as that of 1892-93 because the health authorities since that time had built up an organization quite adequate to grasp the beginning of cholera, and to put down the disease with precision and firmness. With the exception of one death at Hamburg, the cholera is confined to the West Prussian districts, and every case of illness in these districts must be immediately reported to the authorities.

The State has now detained under medical observation nearly a thousand persons, including the emigrants at Brunshaven.

EDICT AGAINST BOYCOTT.

Chinese Government Fears Breaking of Friendship With America.

By Wire to The Morning Star

Oyster Bay, September 1.—China has placed the boycott of American products under an imperial ban. The State Department has received a cablegram here from Minister Rockhill at Pekin, giving a summary of the edict. The text of the cablgram follows:

"An Imperial edict published yesterday states that the long and deep friendship between the United States and China has never been tried as now. The United States government has promised to revise the treaty and the people should peacefully await the action of this government. The boycott is wrong and is harming friendly relations. It (the edict) commands viecroys and governors to take effective action, making them strictly responsible. Undoubtedly will have a good effect. Shanghai reported yesterday situation improving."

QUARANTINE AND IMMIGRATION.

Meeting of Southern Governors Called at Chattanooga.

By Wire to The Morning Star.

Nashville. Tenn., September 1.—Governor Cox to-day sent the following telegram to the governors of all the Southern States:

"Will you join with the governors and commercial orders in call for a Southern conference on immigration and quarantine to be held at Chattanooga about November 1st, next?" The object of the proposed conference is to discuss uniform immigration and quarantine laws. Governor Cox is of the opinion that such a conference would be of great benefit to all States concerned.

CRUELTY TO AFRICAN NATIVES.

Were Compelled to Eat Flesh of Dead Relatives.

By Cable to The Morning Star.

Paris Sept. 1.—As a result of the investigation of Count de Brazza, the African explorer, into the charges of brutality against natives of the French Congo, the government announced today that the two chief colonial functiaries M. Gaud and Toque, have been sentenced to five years imprisonment. The charges included compelling the natives to eat a dish made of the flesh of dead relatives and also exploding cartridges inserted in the bodies of natives.

GREAT JEWELRY ROBBERY.

Thieves Rob New York Millionaire of Gems Worth $100,000.

By Wire to The Morning Star.

New York, Sept. 1.—Jose Aymar's residence, at No. 57 East 54 th street, has been plundered during the past wek of jewelry, bric-a-brac, paintings, silver, etc., worth it is alleged, more than $100,000. The police made the robbery public late tonight. Mr. Aymar is a millionaire lawyer who married Miss Lillian LeBau Vanderbilt. The family is in Canada.

Rubber Pavement.

In 1881 an incessantly and heavily traveled bit of street at the entrance to Euston station in London was experimentally paved with india rubber vulcanized for the purpose. A concrete foundation finished with cement to make it smooth was covered with two inches of this preparation, and when ready the wheels of traffic were turned upon it. They continued to roll over it without interruption until May, 1902, a period of twenty-one years, and in all that time the rubber had not worn through at any spot.

The Wrong Place.

"Porter, do you intend pasting a lot of those labels on my trunk?" said the young man.

"Yes, sir," answered the porter.

"Well, just give them to me, and I'll put them on myself."

"Oh, I wouldn't do that, sir. You'll look like a tattooed man if you do."—Yonkers Statesman.

The Doctor Answered.

Wagstaff—Good morning, doctor. Are you enjoying good health this morning? Doctor—Well—er—that's about the only kind of health a man can enjoy, isn't it? You never knew any one to enjoy bad health, did you? Wagstaff—Oh, yes; I've known some doctors to enjoy bad health.
